There are few hours in life more agreeable than the hour dedicated to the ceremony known as afternoon tea. If you are cold, tea will warm you; if you are too heated, it will cool you; if you are depressed, it will cheer you; if you are excited, it will calm you. There's always time for a cup of tea. Do not accept badly made cups of tea - do not surround yourself with people that make them - they don't care about you. Tea - a hug in a cup. A simple cup of tea is far from a simple matter.
