Details

The Baron's Banquet is a banquet fit for giants at Christmas. Boasting over sixty full-sized products, it takes two hampers to contain. Nobody could be disappointed with the size, volume or weight of this luxurious Christmas hamper. We are really great value for money. Unlike other hamper companies, we don't just flood the market with expensive hampers filled with many bottles of wine and a few snacks alongside them. In the Baron's Banquet for example we do have four bottles of wine, but we understand the balance between offering alcoholic products and not overpowering the rest of the hamper with them and stealing the spotlight from the gourmet food and Christmas fayre that makes the hamper what it is. A banquet isn't a banquet without the amazing food. We don't just focus on how much we can get in our hampers or how big we can make them look. That would be pointless. Our main focus has always been and will always be; quality. These are luxury Christmas hampers and it shows. Each product has been personally tested by us, we wouldn't give you anything we wouldn't like to receive ourselves, especially at Christmas. These hampers are bigger and better than anything else you could get anywhere else. We take the time and effort to hand design and hand pack all of our hampers in house, even at Christmas; our busiest time of year by far, so you know you are getting the best service possible. The result is the hamper you see before you today. Products that work harmoniously together, not just in thought but in taste and look which are just as important. A banquet like this has been made to be enjoyed. Over 60 items of Christmas luxury waiting to be shared. Tuck into The Baron's Banquet this Christmas.
