So Loved Birthday Flowers

~~£71.87~~ £56.43

IN STOCK

Quick Overview

A special birthday deserves more than flowers, so send her the "So Loved" birthday tea and sweet treats gift basket. Highlights include an iced chocolate birthday cake which can be personalised for any age.

Details

Designed for a more mature lady the So Loved gift basket has been designed to feature all the important components that a lady of a certain age will appreciate; flowers, cake, chocolate and a nice cuppa. Here at Basketsgalore we are firm believers that there are better alternatives to sending a bouquet of flowers to a lady on her birthday. Why send a bunch of flowers when you can send a pretty flowering mini rose plant that will last for many months. If she has a colour preference we'd be happy to oblige, as there is a choice of many colours including yellow, pale or dark pink, orange, white and red. These are hardy little plants, grown in Holland, and some have been known to last as long as 12 months in the right conditions.
