Quick Overview

The Lamaze Pupsqueak is a cute companion and a lot of fun for your baby.

Details

The Lamaze Pupsqueak is a cute companion and a lot of fun for your baby. Rattle, crinkle and squeaking effects will help to develop your baby's auditory skills; the bright contrasting colours and patterns stimulate vision; and the variety of textures helps to define motor skills. A hoop at his head makes him easy to clip to cots and prams.
