Details

For the leading lady in your life we present this floral gift basket designed for ladies by ladies. This lovely floral gift basket combines a pretty potted flowering mini rose plant with sweet treats and a summer sunshine candle that will really lift her spirits and create the perfect relaxing environment for those ladies that need a bit of encouragement to kick their feet up and unwind. To reinforce the relaxing vibe we have included a gourmet coffee that provides that cafe coffee experience with zero hassle, meaning there's more time to delve into the wide array of sweet treats sourced from local artisan producers. Delicious gooey stroopwaffles are the classical pairing for a steaming cup of coffee, but we have also included crispy shortbread to ensure every palette is satisfied. Nothing says you're special like a fascinating selection of exquisite chocolates, and for this Leading Ladies Lifestyle Gift basket that is being provided by the master chocolatiers over at Lindt, bringing a range of melt-in-your-mouth chocolate treats. We have no doubts that this will show a special woman exactly how much you love and appreciate her, by giving her the perfect excuse to take the weight off her feet and indulge. We hand designed and assemble every gift basket to ensure opening this gift will provide that much desired 'Wow!' moment, to be remembered for a long time to come.
