Details

If you're looking for the perfect gift for a family this Easter, then look no further. The Easter Spring Bliss Hamper is bursting with Easter delights. Guaranteed to bring a smile to everyone's face this Eastertime. This beautifully presented, white wicker hamper contains four, all important, chocolate eggs, because let's face it, no Easter gift would be complete without chocolate Easter eggs. We've included two Cadbury's chocolate eggs for the little or littler ones – a true generational favourite - and two slightly more sophisticated Lindt chocolate Easter eggs for the grown-ups. We have also included the epitome of Swiss excellence, the quintessential Easter bunny, wrapped in golden foil, also by the master chocolatiers of Lindt. The Easter Spring Bliss Hamper also contains four freshly baked scones to enjoy alongside a hot cup of two or coffee for a delightful Easter afternoon tea. Or perfectly accompanied by the inclusion of four award-winning bottles of Luscombe Fruit Crush. Made with fresh fruit blends and Devon spring water these sophisticated glass bottles contain no artificial colours, flavour enhancers or preservatives. Perfect for packing into a picnic and enjoying on a sunny Spring afternoon. This hamper also contains a number of mouth-wateringly delicious snacks and nibbles as well as the deliciously moreish chocolate fudge cake. Just about everyone who has had a chance to try it has been converted, past customers and ever staff included! It is the perfect treat to finish of an Easter brunch or picnic and is perfect for sharing (but try telling that to our director!). The Easter Spring Bliss Hamper truly captures the essence of what every Easter gift should be, fun, fresh and perfect for bringing a family together.
