Quick Overview

A stylish, wordy mug featuring a message about Retirement in a vintage typewriter font with one word highlighted in bright red.

The trouble with retirement is that you never get a day off. Now you're free as the breeze - with roughly the same income. Retirement is wonderful. It's doing nothing without worrying about getting caught at it. Life begins at retirement. Retirement means no pressure, no stress, no heartache... unless you play golf. Retirement, a time to do what you want to do, when you want to do it, where you want to do it, and, how you want to do it. Retirement: It's nice to get out of the rat race, but you have to learn to get along with less cheese. When you retire and time is no longer a matter of urgent importance, your colleagues generally present you with a watch. Retirement can be a great joy if you can figure out how to spend time without spending money. When you retire, you switch bosses - from the one who hired you to the one who married you. Retirement is the time when you never do all the things you intended to do when you were still working.
