Details

The Bright Beginnings Hamper is the perfect gift choice for those who are averse to the traditional blues, and soft pastel shades most commonly associated with baby boys gifts. Instead we have complied a collection of our brightest, stylish clothing and accessories and assembled them in a fantastic large wicker gift basket that will come in very handy in the future for storage purposes. Gift items include; a popular and award winning Frugi organic cotton boy baby grow, a fun and funky set of boys bibs by Zippy Baby,a duo gift set of Seascape pure and natural Le Petit baby bath & body care products handmade in Jersey, a chic muslin swaddle with colourful patterns from the exclusive Aden & Anais design company London, not to mention the distinctive cuddly toy giraffe blankie and comforter in-one from the Suki baby gift collection.
