#### **Quick Overview**

A birthday gift basket filled with baked goods like a lovely iced birthday Madeira cake, honeycomb bars and oat cookies, amongst other delicious treats. A tasty gift sure to make someone's birthday extra special.

#### **Details**

Birthday Bakery Basket leans toward more traditional snacks and treats, such as Madeira cake, biscuits, fudge, jams and organic afternoon tea, making this gift one that will likely appeal to an older demographic. We've mixed these traditional products with some that are new and different, as well as including a great selection of chocolates. If you would like to theme this gift with a specific age, simply include the age in your gift card message and we will add it to the cake sleeve and birthday card.
