

Strawberry Windowsill Growing Kit Tin

£9.85

OUT OF STOCK

Quick Overview

This lovely gift will allow them to grow their own strawberry garden straight from their windowsill. There is nothing better than the sweet taste of strawberries straight off the plant. Makes a wonderful gift for a keen cook, gardener or as a new home gift.

Details

This substantially sized kit includes an attractive silver growing container with drip tray, seeds, soil, wooden labels, chalk & instructions. Dimensions (mm): 275L x 110W x 95H Feed with half strength liquid fertiliser every 28 days to promote healthy growth. Your fresh strawberries will be ready for picking in about 12 weeks. Harvest: Enjoy sweet juicy strawberries straight from the plant, pick often to encourage more fruit. If you get too many they do freeze well.
