Details

Grand Birthday Gift Hamper is ideal to send as a gift to those of an older age demographic who may enjoy some of the traditional products we have included in this hamper. Evoke feelings of nostalgia with barley sugars, lemon curd, a selection of jam, fudge, tea biscuits, and a gorgeous silver vintage teaspoon engraved with "Happy Birthday". We've contrasted these with some of our more innovative products for something new to try, like the kefir probiotic milk chocolate, dark chocolate covered apple crisps, and flavoured roasted corn kernels. The iced birthday Madeira cake will go down a treat and can be customised with any age you wish. Simply write the age in your gift card message and we will add it to the cake sleeve and birthday card.
