Details

The Banquet range focuses on the artisan food products associated with Christmas. Traditional Christmas foods seemed only fit for a Christmas banquet, a rich Christmas pudding, luxury mince pies, and even a Christmas cake. At Christmas, it is the norm to see Christmas Hampers with wine, this is the biggest selling point with Christmas hampers, that is why we have included two bottles of award winning wines, which will sit very pleasantly on a table. The Christmas Traditional Banquet has both sweet and savoury artisan products which you would expect on a table at Christmas time. Although maybe at first glance this Hamper seems a little pricey, we have only included quality products. Something that also sets us apart from other hamper companies is that we use proper sized products too; both the Christmas Cake and the Christmas pudding are full size, and won't look out of place displayed on a table. The cheeses are also full sized, and an element to this Banquet hamper, cheese is exceptionally popular at Christmas and some of the top sellers all year round. This Christmas Traditional Banquet Duo really includes everything. There is a prominent red colour theme running through the product selection, this not only gives the Traditional Christmas Hamper and extra Christmas feel, it also helps to tie the products together, and when the recipient opens their Gift at Christmas, it looks like a gift as a whole, rather than a product selection to fit criteria, it comes together in harmony. The Christmas Traditional Banquet Duo is not old-fashioned and should not be mistaken as such a Christmas Hamper, it is simply traditional in that it is the product because bought year after year, and associated wholly with the Christmas season. We are a contemporary company and our products reflect this, with new blends of flavours to try, but nothing too unusual that they will be left aside and not enjoyed.
