Details

The Great Taste Award Bronze Gift-Hamper offers everything that you could want from a gift-hamper at a reasonable price point with the perfect blend of special savoury and sweet gourmet foods of only the highest quality from Great-Britain We have included a classic box of chocolates no one can say no to, and a traditional fruit chutney to accompany the cheese and oatcakes. We know that there will be something special for everyone in this gift so it is great for sharing within a group, but at the same time it is not so grand that it would overwhelm an individual. With a traditional colour theme throughout this hamper it can't help but be a special gift-hamper experience to receive and open that will definitely leave the recipient on your good side. Only once the products are harmonious in colour, taste and purpose was the hamper finalised. When we critique and perfect our gift-hampers to this level we know that our customers will be happy with them. This is an incredibly special gift-hamper and I'm sure you're able to see why! Our GTA gift-hampers are characterised by our desire to create special, modern food gift-hampers that celebrate the skills and dedication of micro producers across Great-Britain and the Irish Isles. If you are looking for a larger gift for an individual we made sure our Great Taste range has lots of special options at every price point. When we design gift-hampers it is very often far more important to define what we are not going to include, than what we are. For our GTA gift-hampers range we reserve produce from Great-Britain that is a little bit special, and often too expensive for inclusion in conventional gift-hampers. We introduce supporting high quality food elements, which are memorable, practical and distinctive, which we are sure you can see from this hamper. Our GTA range has been delivered to Great-Britain for more than ten years now. All of our hampers for Great-Britain ship within one to two working days after ordering. Normally, delivery to Great-Britain is next day, for more remote areas of Great-Britain it may take an extra day.
