Details

Our Artisan Sovereign Hamper focuses on artisanal fresh foods. The focus being the large traditional ham which is so central for so many families on Christmas day. With a wide range of charcuterie also, this Gift Hamper is perfect for Christmas time when our diets start to include higher range gourmet food products, and we treat ourselves that little bit more. We have also included an array of cheeses. Cheese is so popular at Christmas time and we enjoy indulging on it on cold nights with feet by the fire. Although there is a dominating amount of savoury foods, we have also included some sweet treats, including truffles and gourmet chocolate. However, this Hamper is more suited for someone who truly appreciated good quality foods, rather than someone with a sweet-tooth. This is not a Hamper for the light hearted, it is large in size and suitable for an individual or for a group or family setting. We know that this Hamper is always one of the first to sell out, it doesn't stick around long, the inclusion of the ham is something that is becoming increasingly popular and this year will be no different, This unique idea to gift someone everything they will need for the Christmas holidays is amazing, and people come back to us each year to buy their hams in the form of a gift for their loved ones, we have pre-orders earlier and earlier each year. The Artisan Sovereign Hamper has a red colour theme, really emphasising the Christmas festivity. Arriving in a traditional wicker hamper, something all our recipients love, it really brings out the traditionality of Hampers as a form of Gift for Christmas. However, on the contrary the products we have selected for this are not old-fashioned, packaging is bright and colourful, flavours are innovating, all while holding onto the traditional elements of Christmas; good wholesome food which can be enjoyed by all.
