

Smiley Grass Grow Kit

£4.35

OUT OF STOCK

Quick Overview

A fun all-in-one grass hair growing kit for all ages. In an adorable simpley-face grow pot. A great novelty gift that makes gardening fun and easy. The Grow Hair Kits have been specially designed to provide the best conditions for the seeds to germinate. Ryegrass is very easy to grow year round indoors and outdoors.

Details

Ryegrass Growing Tips: 1. Put the soil pellet in a bowl and add lukewarm water, about 3 times the volume of the pellet. After approximately 10 minutes you will have enough soil to fill your pot. Leave a small amount of soil in the bowl to use later. 2. Open the sachet of seeds and sprinkle evenly over the soil. Use the soil left in the bowl to lightly cover the seeds. Water and then keep soil evenly moist. 3. Place your pot in a warm sunny position, a windowsill is ideal. Within 7 days seeds will sprout. After a few more days your pets hair will grow tall. When it reaches about to 5 to 7cm high it is ready to be cut and styled. These intructions are the same as the ones you will receive with your Grass Hair Kit! So if you happen to lose them just come back here! Dimensions: 6 x 6 x 4.5cm
