Details

The Lady’s Fancy Pantry Gift Hamper reflects the quality of the products that have been selected, centralized around a tea and biscuits theme . The refined choice of products in our revamped Fancy Pantry is evident in the success it has seen. The Lady’s Birthday fancy Pantry has held onto its traditional legacy, however, we have updated it, modernizing to appeal to a Lady’s finer senses, with a new pink theme, and a subtle nudge of flavours to create the upmost personalization, ensuring it is nothing short of perfect for a Lady. The forward thinking design has resulted in an established, popular birthday Hamper, being fine-tuned for a Lady. The indulgent chocolates are matched with the teas and coffees, with a bottle of Sparkling Raspberry Crush, sophistication with a splash of boldness.
