Details

Macho Birthday Fancy Pantry reflects the quality of the products that have been selected, centralised around a tea and biscuits theme. With strong flavours coming through such as Spicy Chai tea, black coffee and hazelnut creating a harmony for any Macho on his Birthday. Following the conventional love of chocolates and biscuits with tea, the Macho Birthday Fancy Pantry has an abundance of baked goods; shortbread, caramel fingers and toffee waffles, there will be delights for days with this Macho sized Birthday Hamper. The forward thinking design has resulted in an established, popular Birthday Hamper being updated and personalised for a Macho man. The indulgent chocolates are matched with the premium teas and coffees, with a bottle of ginger beer, sophistication with a splash of boldness.
