Details

Our revamp of the legacy Fancy Pantry Birthday Hamper is of the highest quality, following the conventional but well loved theme of Tea and Biscuits. Traditional but oozing class, avoiding alcohol and craze products, we have created something simple, but perfected after years of testing and improving our Birthday Hampers. Packed with products of orthodox flavours, tea, coffee and an array of biscuits and baked goods, the Fancy Pantry is suitable for anyone age 18 to 100. Fancy Pantry is simple in its ideas, but when executed to perfection, it becomes idealistic for anyone as a Birthday Hamper. With no unusual flavours, the modesty becomes one of its best features as it suits everyone, however, sparkling apple crush creates an enticement and splash of boldness amongst the simplicity.
