Details

The name Fancy Pantry captures the essence and philosophy of the core gift products from our 30th Birthday Hamper Gift. We wanted to design the best 40th Gift Hamper in the World and we based our chassis on the Fancy Pantry Design. When we tweaked it to be appropriate for a 30th Birthday, it just worked. It became evident that this hamper had the necessary traditional feel to appeal to a tricenarian. The 30th Birthday Hamper Gift is distinctive from standard Birthday Hampers because several component parts of the gift celebrate the significance of the occasion. A Mug, cake sleeve and a Birthday Card are all personalised with a 30, as personalisation is key in Milestone Birthdays. The remaining elements serve their function of complementing a top quality Birthday Hamper. The underlying role of these products is to base them in traditionality, whilst avoiding alcohol by making a specific point to centre the gift theme around Tea & Coffee. We've included Gold Taste Award Winning Producers and kept the flavours simple. There are no unusual flavours, just standard gold taste award winning black tea and high quality coffee bags, which will astonish. However just in case we're accused of being boring, we couldn't resist slipping in a little bottle of Sparkling Apple Crush. Drink this chilled and we think you'll end up searching for it online.
