Quick Overview

Our Infinite Ideas Hamper range uses data we have compiled and years of experience to determine which items must be included in a Hamper for it to be classified as a Christmas Hamper.

Details

The Christmas Infinite Ideas is an updated range for 2021, it uses artificial intelligence to deduce which items people expect in their Christmas Hamper. We have used this information and created the Infinite Ideas Christmas Hamper, containing no more and no less than the items that must be included for it to be considered a Christmas Hamper. This Infinite Ideas Christmas Hamper has a range of sweet and savoury gourmet food products. One thing all the products have in common however, is they are selected for their premium quality, we don't put anything less than the best in our Gift Hampers. We need them to look and taste phenomenal as they are purchased with the intention of being a gift. The Christmas Infinite Ideas Hamper contains a medley of sweet and savoury gourmet foods. The big box of Lindt truly creates a statement, along with Lindor truffles, Skelligs truffles and an assortment of sweetened goods. The savoury elements are just as powerfully flavoured, with luxury mince pies, rich Christmas Pudding with cheeses and chutneys. The Christmas season is the time for indulging and this Christmas Hamper contains everything to make this possible no matter you are in the mood for. We love tailoring our Gifts to the occasion, that is why there had to be Christmas fayre; we have included luxury mince pies, a rich Christmas pudding and a chocolate log. They will truly know it is Christmas when this gift arrives for them. Our Christmas Infinite Ideas Hamper arrives in a large lidded wicker hamper with leather straps, this is our customers favourite, it looks amazing when it arrives, lifting the lid and rummaging through and finding all the amazing products which you have picked for your recipient.
