Details

Diabetic Delicacy Gift Basket is one of our dietary gifts created as a good diabetic gift basket solution for people who are looking to send a gift to someone with special dietary requirements. Reacting to our costumers who were asking for healthier gift basket options, we decided to create a range of gift baskets suitable for different diets. We know how hard sometimes is to find that special foodie gift basket suitable for diabetic. Our designing team has researched a lot about what diabetics can eat and have created the best version of diabetic gift basket by adding products which are low in sugar, has vitamin D and are full of antioxidants. If you were thinking that being diabetic means - no more treats, depending on the type of diabetes, we believe that small quantities of low in sugar products can be still consumed. As a proof of it our created Diabetic Delicacy Gift Basket contains of low in sugar treats as Jealous Sweets Happy Bears gummies with no added sugar, the same as LoveRaw Vegan Chocolate Buttercups which has just coconut sugar in it. Another alternative of a lovely treat in this diabetic gift basket is dark chocolate which is full of antioxidants which help to the body to use its own insulin more efficiently. One of customers' favourite is box of Willies Cacao Dark Chocolate Praline Truffles. In this scrumptious diabetic gift basket the receiver will also find a bit of savoury. Tin of premium Spanish sardines has omega-3 and vitamin D which is so necessary for diabetics as they have deficiency of these vitamins in their bodies. Silver Green Garlic Stuffed Olives prepared using just clean ingredients is also good in helping to regulate blood sugar levels, the same as Turmeric Tea - it is anti inflammatory and full of antioxidants. We have put a lot of thought and effort to create this scrumptious diabetic gift basket, it is definitely worth taking a look at and sure it is a beautifully presented rewarding gift basket for diabetics and not only. *We believe that everyone has different conditions regarding to their health, so just remember that this gift basket has been created diabetics keeping in minds but it is not a set diabetic diet. Someone who is receiving this diabetic gift basket should be concious what they eat and follow their own diet.
