Details

The Exquisitely Easter Gift Basket is the perfect Easter gift for truly making a statement. We believe it is the perfect gift to bring joy to a long-distance friendship, relationship or family member this Easter. We know we can't all be together in presence which is why the aim of this gift was to capture the essence of everything Easter should be, fun, fresh and full of chocolatey delights. Guaranteed to go down a treat! Perfect for really making a statement when a simple chocolate egg just doesn't quite hit the mark. Filled with a delightful mixture of fresh bakery items and luxurious chocolates. Of course, no Easter gift would be complete without the epitome of Swiss excellence in the form of a hand-crafted golden bunny and chocolate Easter egg by the master chocolatiers of Lindt. Next we introduce a pioneering newcomer, Naive Chocolate. Determined to disrupt traditional chocolate creation methods with new, innovative ideas and flavour combinations. This organic craft chocolate armed with the finest ingredients continuously breaks the mold with the most unique flavour profiles and distinct taste and the results are truly luxuriant. The Exquisitely Easter Gift Basket also combines a deliciously morish chocolate fudge cake from The Original Cake Co., fresh Honeycomb Bars from Holmes Bakery and mouth-watering, rich, chocolate enrobed Belgian Waffles. The perfect accompaniments to a hot cup of tea or coffee on a Spring afternoon.
