Details

Our New Home Range includes an abundance of teas and coffees, the perfect mix of delicious treats, and a beautiful selection of non-food items to help the recipients celebrate the big move. Each Basket also contains a decorative East of India Home Ornament. While it may be stressful, there is no better reason to celebrate than moving house. If you're struggling to know where to start when it comes to a housewarming gift, we've got you covered here at Baskets Galore with this New Home Celebration Gift. Tea and Coffee are essential to making us feel at home which is why we've included only the most premium tea and coffee you can imagine in this housewarming gift. The Coffee Bags we've included work exactly the same way as Tea Bags. Stick them in a mug, add water, let it brew and you're good to go! Of course, we know that a cup of tea or coffee is not complete without a biscuit or a slice of cake. For that reason, this housewarming gift includes chocolate-covered caramel fingers, honeycomb slices and a freshly baked chocolate cake. For those with a sweet tooth, we've included a gorgeous assortment of dark chocolate treats, as well a pack of jelly sweets. In line with the celebratory tone of this basket, we've included a box of premium champagne truffles- perfect for sharing with visitors at the new home! This basket has a savoury twist too, as we've included mature cheddar and onion crisps alongside some lemon and rosemary flavoured olives. The cinnamon-scented diffuser will help to create that new home smell, while the decorative home ornament can be cherished by the recipient for years to come. We designed this new home gift with a celebratory theme in mind, and for that reason, we chose an orange and yellow colour scheme that helps to signify Joy and Positivity. This is tied together with a green ribbon and green gift card, which signifies their new beginning.
