Details

Our New Home Range includes an abundance of teas and coffees, the perfect mix of delicious treats, and a beautiful selection of non-food items to help the recipients mark their new venture. Each Basket also contains a decorative East of India Home Ornament. Moving house is a big deal, and for most, it is the start of a new adventure, with new possibilities and endless opportunities. You can help them start this new adventure in style with this New Home Housewarming Gift. Tea and Coffee are so important when it comes to making us feel at home. For this reason, we've included specially roasted Irish Coffee, and breakfast-style tea, which comes beautifully presented in a distinctive yet practical tin. No cup of tea or coffee is complete without a biscuit or a slice of cake so of course we have put in some chocolate enrobed shortbread, irish oat cookies and a freshly baked chocolate cake. This basket has an abundance of rich dark chocolate treats,from dark chocolate waffles to dark chocolate apple sticks- and that's just the tip of the iceberg when it comes to the chocolate in this new home gift. Nothing provokes feelings of warmth more than a brand new candle which is also essential for creating that new home scent. This new home gift is completed by the addition of a decorative home ornament, printed with a thoughtful message, that the recipient can hold on to for years to come. When creating these new home gifts, we really thought about the great housewarming trifecta. We wanted these new home gifts to be thoughtful and we wanted them to look nice, but most importantly, we wanted them to be filled with products that the recipient would use- and that they are. The neutral colours running through this new home gift basket create warmth while it is tied together with a green ribbon and gift card to signify the new venture the recipient is on.
