If your Dad loves his afternoon cuppa tea or coffee then this gift is perfect for him. We have curated a gift basket including sweet treats such as honeycomb fingers, freshly baked chocolate cake, chocolate truffles and more. All the snacks can be accompanied by a freshly brewed cup of tea or coffee to sit down and enjoy with his magazine you choose for him. Or if he fancies a savoury snack we included beef jerky and two bottles of ginger beer as an alternative snack. Your Dad will be very grateful for this wonderful Father's Day Gift, and you can be sure that the treats packed within will last a lot longer than Father's Day. What's more, there is so much packed inside that you could sit down and have a cup of coffee and a slice of cake with him on the special day.
