Details

We so carefully curated the perfect gift box at a reasonable price point that anyone is able to get a little taste of luxury. This little box of happiness contains a bottle of red, a creamy cheese and savoury snacks to accompany the palette of flavours presented in this hamper gift. How could you say luxury more than handcrafted chocolate enrobed apple sticks, and single estate chocolate? All the classic elements of a gift hamper are combined in this hamper gift to be simply exquisite. Right down to the stunning greens flowing though this gift box, a sense of peace and tranquillity is expressed from the moment the recipient opens the gift until they are sipping a glass of red with a nibble of cheese and chutney. You can be sure the recipient of this gift box will appreciate the high quality of all the items within. Sourced from only the best suppliers across the British and Irish isles we have complied a selection of only the best items to create not a box of goodies, but a perfectly blended gift. Although we are calling this a cheaper gift, we never cut on the standard of our products. We simply include less items, meaning the end receiver of the gift will never be let down. The beauty of this box is that it can be sent for any occasion. Whether that be birthday, celebration, or thinking of you. It is suitable for all and no matter the occasion everyone enjoys a little indulgence.
