Details

Our New Best Wishes Range was designed to bridge the gap between you and your loved ones. They can serve as a means of keeping in touch for those far away, or simply to give someone close a pick me up. All of our Best Wishes boxes contain a selection of premium teas, coffees and baked goods. The Best Wishes Uplifting Hamper Gift is designed to do exactly what the name says. With bright colours and fruity flavours, it is guaranteed to make someone's day. We've included green tea as it induces calm, but has enough caffeine to give us a boost of energy and brighten our mood. For those who want a true caffeine fix, we've added in a selection of roasted coffee bags- stick them in a mug, add water, leave it to brew and you're good to go. A quick and easy way to get your caffeine fix. On top of this, we've included an abundance of snacks- perfect for sharing or scoffing alone. For those with a sweet tooth we've included jelly sweets and a refreshing sparkling apple flavoured lemonade, while those who prefer savoury will love the inclusion of pretzels and salt and vinegar crisps. All of these treats are made by local artisan producers, so they are of nothing but the highest quality. The box is made complete by the inclusion of an East of India notebook, perfect for jotting down thoughts, drawing doodles or making to-do lists. Oh, and there's a freshly baked chocolate cake! The box comes gift wrapped in hand-tied ribbon, and includes a gift card with a message of your choice.
