Details

The Continental Hamper was designed with delivery in mind. This hamper is available for delivery across the UK and the whole of Europe. We know that sending the perfect gift to loved ones living afar can sometimes be a tricky task, but we have made this as easy as possible for you, being able to offer delivery across the European Union. We know that no matter what country in the world you are from, everyone loves chocolate. For this reason we included single estate chocolate truffles, Lithuanian cocoa chocolate, and other chocolatey snacks. This hamper also consists of traditional hamper items, like cheese and biscuits. When we are sure we have the base of a gift hamper successfully complete, we dare to add in bold items, which the recipient is unlikely to have tried before. In the Continental hamper, we added a unique mushroom mousse to accompany vintage cheese and soda bread toasts. A distinctive combination to sample! The Continental Hamper has an uplifting blue colour theme running through it, the bright colours create a sense of fun which will be replicated when the recipient begins digging into this hamper of goodies. We carefully choose a colour which we believe to be neutral that will appeal to people of all cultures when delivered across Europe. This hamper would be perfect for a small group sharing like a family, yet it is not too grand to overwhelm an individual. There are plenty of snacks to graze over and enjoy with a cup of tea. The Continental Hamper is a unique hamper as it has the ability to be quickly assembled which makes delivery efficient covering the whole of Europe. We are proud of the service we are able to offer by using global couriers who have the network capability to offer express delivery across the continent. If you order this hamper we will be able to provide a first class service, from your home, to our warehouse, to the courier, to the airport and destination country, direct to the recipients home! We think it is fascinating how this process can happen within just a few days. The Continental Hamper will begin its debut delivery to Europe in Spring 2020. All of our hampers for Europe are dispatched within one to two working days after ordering. Normally, delivery to Europe takes two to three days after dispatch.
