

Alcohol Free Congratulations Hamper

£112.00

IN STOCK

Quick Overview

Celebrate that special someone and send this delectable gourmet gift basket loaded with a variety of award-winning sweet and savoury treats, together with a bright and colourful congratulations balloon. A basket of delightful foods is always a well-received surprise and is the perfect gift to send if celebrations are in order.

Details

Often there are times when we can't be there in person to celebrate life's successes. What better way to show them you are cheering them on, than a handpicked gift basket curated by the best. We made sure to select gifts within the congratulations range that were suitable for all, in order to do that we had to create gifts that were alcohol-free and focused solely on the food elements, and this is how the Alcohol-Free Congratulations Hamper was crafted. This gift is presented in a magnetic valise hamper case, the purple colours throughout will command the attention of the receiver. Purple is associated with luxury and calmness, we believe that this hamper is the epitome of both these words. The luxurious element is clear with the array of gourmet treats paired with the calmness of the ethical early grey tea bags. We ensured that the contents on this hamper beautifully complimented each other and would be an exciting experience for the recipient to receive and explore. As balloons are synonymous with a celebration we felt that including one in the gift added that extra fun factor. The Alcohol-free congratulations hamper is beautifully gift wrapped with silk ribbon and accompanied by a congratulations greetings card, which you can personalise, this makes it a lovely gift to congratulate someone. We feel this would be a great gift to an expecting parent, with plenty of chocolate to curb the cravings, or just as suitable to a younger person who has done well on exams! The great thing about this hamper is that it does not conform to any bias of age or gender allowing it to be a great gift for anyone of your choosing.
