Details

The focal point of this lovely basket has to be the set of 4 handmade luxury bath melts, made using finest quality cocoa butter and natural oils to make skin wonderfully soft and smell divine for hours. The pure and natural gift set includes rose geranium, lavender & patchouli, tuberose & freesia and freesia & pear to wonderfully scent her bath water. We suggest she lights her With Love candle at the same time, and snuggle up afterwards with a cup of luxurious drinking chocolate - sipping it from her Special Mum china gift mug of course!
