A non-alcoholic Christmas gift basket at a popular price point, recently updated. Containing a perfect mixture of healthier contents and the same Christmas favourites. It’s snow cool, you won’t be able to resist.

Details

Snow Cool Christmas is everything you could want in a Christmas gift. It's got gorgeous starry mince pies to get you in the Christmas spirit. There is the perfect blend of both sweet and savoury goodies to make this the best treat you could receive. Snow Cool has a bold blue colour theme that ties all the components of the gift together so well. It is the perfect gift as the months start to get colder and even if we do say so ourselves really does look snow cool with the beautiful blue colours running through the products. The reason people return to us year on year for Christmas presents, for themselves and others, is the amount of fine tuned detail that goes into the creation of each and every gift, this is not a selection of products, this is a whole gift, with every product questioned and tried to see if anything better could be placed in, this creates a gift, something much better than just a selection of products. Christmas is a time for family. Due to its very reasonable price point it is popular with corporates on a large scale as well as individuals sending this to their friends and family for Christmas. Snow Cool Christmas is the perfect size if you are looking for something not too big but not too small either. As a non-alcoholic gift it is also safe to share with any children in the group as well, which we think is very important. If you have been looking for a gift to send to someone you care about this Christmas with a bold colour theme that will stand out and they are guaranteed to love then stop right here, you have found it in Snow Cool Christmas!
