Christmas Cosmos contains a wide array of chocolatey goodness, focusing on the indulgent side of Christmas, with no worry for the waist band. Cosmos has been well thought through, we have years of experience and know exactly what people are looking for in a Christmas gift. We have chocolates, we have baked items, we have Christmas fayre, and even a selection of drinks including prosecco! You cannot say this Gift Basket is missing anything for this unbelievable price. If you are feeling peckish before it is acceptable to be eating chocolates and drinking prosecco, there are gourmet teas and coffees with gorgeous baked items, which are perfect also for those who do not drink, or to enjoy on cold mornings through-out Christmas. Christmas Cosmos has been updated and contains some of our latest products, innovating, contemporary and utterly jaw-droppingly stunning. Christmas Cosmos is one of our best-sellers at Christmas time due to the inclusion of prosecco at an outstanding price point. Christmas Cosmos Gift Basket has a stunning purple colour theme, when we are creating gifts, they must be so carefully amalgamated as to have harmonious tastes, a solid colour theme and all strive to achieve the same goal. When we ensure that each gift meets all these goals, they come together to create these masterpieces, such as the Christmas Cosmos. Just as old is the universe itself, is how new and outstanding the Christmas Cosmos is. The colours on the packaging literally pops, the tastes will explode in your mouth, the senses overwhelmed, and that's before you pop the prosecco.
