Quick Overview

The Baby Hamper for Mummy, Daddy and Baby. This gift is a perennial top seller, created to include something for the happy new family, and modified to be specific to the birth of a baby boy.

Details

The idea for the new happy family is that baby receives a teddy bear comfort blankie that will quickly become his best sleepy time friend. Baby also receives a beautiful organic cotton bodysuit by Frugi UK. Mummy receives the organic, new mother, soothing bath soak, and both parents share the box set of "New Mummy and Daddy" gift mugs and bag of yummy milk chocolate caramel discs. They'll need these for all the cups of tea and coffee they'll be consuming over the next few sleepless months! The whole gift comes within a natural wicker basket perfect for the new nursery. This baby hamper is part of our traditional baby gift range, and was first created in 2004 when we launched babybasketsgalore in the UK. It has evolved over time continually adjusting to the needs of our customers and our desire to be continually improving. This year's version sees several developments in terms of design regarding products and presentation. Whilst the core Baby products are what defines this particular Baby Hamper, the presentation has continued down the road of refinement rather than stereotypical expectations. The basket decoration is achieved through earthy organic colours with message ribboning inverting tastefully to show pale pink writing on a cloth background.
