Details

Our exceeding popular Christmas Feast hamper accentuated with four popular wines. The Christmas Hampers they really want to receive, designed better. A wide array of sweet and savoury foods blended together in the most harmonised way. Cheese with oatcakes, chutneys and teas to enjoy over the Christmas season. And also a selection of chocolate truffles, chocolate bars and to top it off a big box of Lindt chocolates. It wouldn't be Christmas without the traditional Christmas fayre, which is why we have included a rich Christmas pudding, luxury mince pies and a Christmas cake, as if the Gift hamper wasn't already brimming. To top it off we have added four wines, this Hamper will surely kick off the Christmas celebrations. This Christmas hamper has been updated for 2021, with some of our latest products featuring in it. However, we have held onto the Traditional Christmas feel that most people love at Christmas time for their hampers. Every year we are able to collect data from sales and this helps us to continually improve our Gift Hamper. Although after almost two decades we have become so good, the creation process comes to us naturally. We ensure that the taste, the colour and the purpose of each product is harmonised for the best results. Every product is tried and tested before it is finalised. When we spend so much time during the creation process, our gifts become so much more, they are no longer a selection of products but they come together to form a gift as a whole. Looking and tasting amazing with the highest quality goods we can source. No less than the best is put into our creations. We aim high and every year we outdo ourselves.
