Details

Christmas Hamper comprising a duo of popular Australian wines combined with our exceedingly popular Festive Celebration Hamper. Amply filled with traditional seasonal favourite foods, that have been skilfully crafted with the finest of ingredients by a host of small speciality food producers. From freshly baked mince pies made by a Master Baker to award winning rhubarb and ginger jam harvested and handpicked in the UK's orchard county, we guarantee this is a delightful Basket full of surprises. That's the mission we set ourselves every year when we design this particular Christmas Hamper. What we think customers like about this Christmas Hamper is the quality of the Christmas food items we include and the decent sizing. Our policy over the years has to buy fewer, but better foods and offer a premium product at prices which are extremely competitive and allows us to bring a quality of service and tracking to the industry which had not hitherto been seen. Our Bakery products are made freshly in local bakeries every year and we don't start taking delivery of these Christmas Goods until the final week in November, which again is a major departure from conventional norms whereby such Christmas hampers are contract packed. The benefit to our customers is that they are receiving fresher, artisan baked products as opposed to industrially produced foods.
