Quick Overview

Our Tea and Coffee Hamper is a new exciting new gift design, created to satisfy the demand from society for premium gift hampers where the products are selected on the basis of innovation and great taste. Both elements of the tea and coffee are modern bagged products to enjoy with a variety of traybakes, chocolate and cake.

Details

When you are considering the component parts of a Tea and Coffee gift, it's simple to understand that the key parts of such a gift must stand out as being of exceptional quality. With this in mind we selected Great Taste Award WInning Afternoon Black Tea and a recently launched Kings Coffee Box containing 6 individually wrapped coffee sachets from Peru, Ethiopia and Indonesia The Coffee sachets are the finest quality single origin coffees from around the world and are all certified Fairtrade and Organic. There is Mellow South American Flavour which has a good body with subtle stoned fruit acidity, an African light roast, which is light on the tongue with an aromatic, fruity finish and a dark Sumatran roast with its intense Dark Chocolate finish. In other words these just aren't coffee bags, they are coffee taste experiences. We've selected 2 types of biscuits and 2 sets of freshly baked tray-bakes to serve as an accompaniment with whatever flavour of Tea or Coffee you wish to drink. We continue the Organic theme with our Oat Cookies sourced directly from the Oat Farmer who produces them, to which we include our melt in your mouth Shortbread made by the Shortbread House. We take advantage of local bakeries who produce our traybreaks freshly every week and we complete the overall gift with a freshly made Chocolate cake courtesy once again of a small local bakery. Completing our Tea and Coffee Hamper are our chocolate of the year for 2018, which is the Orange and Fig Chocolate discs and our drink of the year 2017 which was so good we simply had to introduce it into more of our gift hampers. With a refreshing Luscombe Sparkling Fruit Crush. We hope we do our part in bringing your quality to a wider audience and increasing the demand for your usage.
