### Details

Colossus by name, colossus by nature. This Christmas hamper packs a punch with the sheer weight of all the delicious food inside. There is also a selection of teas and coffee to be enjoyed with the abundance of biscuits. These alcohol-free drinks are combined with party food such as chocolates and biscuits and traditional Christmas fayre such as a chocolate log. This hamper highlights exactly how a luxury non-alcoholic hamper doesn't have to be boring or full of uninspiring alcohol-free wines. The food elements are of the highest quality but also savoury products too. The inclusion of award winning foods results in a truly exciting alcohol-free gift hamper. At BasketsGalore we design our luxury non-alcoholic hampers with a teetotal recipient in mind, rather than simply replacing bottles of wine for non-alcoholic ones. As you will find across the Christmas market. If you are looking for a luxury gift this Christmas and don't want to send another bottle of wine then you are in the right place. Unlike with some other hamper companies, all twenty-one products in this hamper are full-sized products, not sample sized so you will not be disappointed when receiving the hamper with the volume, size or weight of this Christmas hamper. We take the time and effort to hand design and hand pack all of our hampers in house, even at Christmas when we are at our busiest, so you know you are getting the best service possible. The result of all of this is a truly spectacular Christmas hamper that doesn't lean on alcohol but allows the food to speak for itself. When this happens you get hampers full of artisan goodies just waiting to be tried rather than a couple of bottles of wine and one or two snacks alongside it. A Christmas gift anyone would be lucky to receive.
