Details

The Alcohol Free Titan hamper is in a race of its own where nonalcoholic Christmas hampers are concerned. Overflowing with multitudes of winning food and drink contents this hamper is a journey of discovery. This christmas hamper is popping with party food such as snacks, chocolates, biscuits and also of course traditional Christmas fayre such as mince pies, chocolate pudding and cake. This hamper highlights exactly how a luxury non-alcoholic hamper doesn't have to be boring or full of uninspiring alcohol-free wines. The food can speak for itself. At BasketsGalore we design our luxury non-alcoholic hampers with a teetotal recipient in mind, rather than simply replacing bottles of wine for non-alcoholic ones. However, we fully appreciate that you might just not wish to send alcohol with every gift and we think we can offer amazing alternatives. We pride ourselves on our ability to get the best hampers for our customers. We are a family business and we pack our hampers ourselves. We know exactly what goes into every single hamper and we know it has been done right. We also know how important it is to support local businesses, which is why a lot of our products are locally sourced giving a personal feel for Christmas time. We take the time and effort to create Christmas hampers that are special in every way possible. Bigger and better than our competitors. Every item in this Christmas hamper will be a full-sized product so you know you are getting good value for money. There is no point in compromising the quality of the goods in order to reduce the price, it does not work and people are just disappointed in the outcome, both the sender and recipient. Good quality full-sized goods are always worth it to us, especially at Christmas.
