Details

As the name suggests the focal points of this Hamper are the bottle of Australian red wine and the duo of creamy cheese. However, this is much more than a Cheese & Wine Hamper as it is also full of an assortment of wonderful accompaniments such as traditional Irish oatcakes, street food nuts and rich fruity chutney. New products include the savoury biscotti, thyme bay olives and Colombian chocolate. At BasketsGalore we create so much more than a standard Cheese & Wine Hamper. Each component part is carefully selected, primarily from local artisan producers, to compliment the central products to the Gift. These supporting products come together to create a truly standout Wine & Cheese Gift. Our Hampers are bigger, better and more imaginative than most. The combination of food in this hamper will appeal to foodies with an appreciation of more daring tastes such as the cumin toasted soda breads, beetroot & fennel savoury biscotti and white truffle porcini mushroom paté. Each product is tried and tested before finalised, they must harmonise with the Hamper in taste, in colour and in purpose. We pack each hamper with love and devotion ensuring it looks amazing through quality control. This Hamper emphases luxury indulgence with a box of Lindt Chocolate and a Christmas pudding. This hamper helps people celebrate in style, we urge you to finish your Christmas shopping here and send this Hamperlicious Christmas with Wine & Cheese to your loved ones.
